- SQL/MySQL
- Excel
- PowerBI
- HTML
- CSS
- JavaScript

CERTIFICATES

- TopperWorld Virtual Internship in Web Development (2023)
- HackerRank Python Basic Certificate (2024)

PROFILE

Dynamic Software Engineer skilled in Python, SQL, Excel, Power BI, HTML, CSS, and JavaScript, with a focus on developing efficient solutions. Adept at both backend data analysis and frontend web development. Strong problem-solver with a passion for optimizing processes and delivering high-quality, scalable results.

PROJECTS

Virtual Assistant Krypto

Tech Stack: Python, Tkinter, Deep Learning

Developed a versatile Virtual Assistant with an interactive GUI.

Features:

- Email Automation: Sends emails based on user commands.
- Phone Calls: Facilitates phone calls.
- Information Retrieval: Fetches information efficiently.
- Recommendation System: Provides personalized recommendations.
- Additional Functionalities: Includes other user centric features.

Gym Landing Page:

Skills: Web design, responsive layout, CSS styling.

Features:

- Implemented features such as a navigation menu, call-to-action buttons, and dynamic content sections.
- Integrated a mobile menu toggle for improved user experience on mobile devices.
- Applied modern design principles with custom styling and animations for enhanced visual appeal.

Flipkart Clone:

Skills: HTML structuring, CSS styling, basic web layout replication.

Features:

- .Developed a functional e-commerce website mimicking Flipkart's UI/UX.
- Features: Responsive design, fixed navigation bar, product categories, carousel for promotions, and product display with 'Add to Cart' functionality.
- Highlights: Dynamic product rendering, interactive UI with hover effects, and a detailed footer with links and contact information.

Portfolio Webpage:

Skills: Web development, personal branding, UI/UX design.

Features:

- Responsive Design: Built a mobile-friendly portfolio site with adaptive layouts.
- Interactive Elements: Added smooth scrolling and dynamic navbar effects using jQuery.
- Skill Bar Animations: Implemented animated skill bars with CSS keyframes.
